Virtual Patient Participation Group

Perhaps you would prefer not to attend meetings, but still want to be involved.

Then why not join our virtual group instead?

We will ask the members of this representative group some questions from time to time, such as what you think about our opening times or the quality of the care or service received.

We will contact you via email and keep our surveys short so it shouldn't take too much of your time.

We aim to gather around a hundred patients from as broad a spectrum as possible to get a truly representative sample
